# How To Connect WooCommerce to Your SimuStream Account

1. Sign into your pre-existing WordPress & SimuStream accounts.
2. First, go to Wordpress & copy your root URL or domain including https.
3. Within the SimuStream Dashboard, click Accounts, then click Add Link.
4. Select WooCommerce & a title for your platform.
5. Paste your root URL or domain & click add.
6. Once the popup window loads, select authorize.
7. Refresh & see your newly added platform.

## **How To Connect WooCommerce to Your SimuStream Account**

8. Be sure to set your prices including decimals for change in WooCommerce for proper integration.
9. Next, click Accounts, then click Add Link.
10. Select Stripe Payments for WooCommerce & a title for your platform.
11. Paste your store's domain & click add. Log into your previously created Stripe account & add any missing details.

You've now connected your WooCommerce & Stripe to SimuStream.

Note: Stripe Payments for WooCommerce must be enabled to accept payments for your products.
